### FROM THE PRESIDENT

As we progress into only our third term of courses, it is hard to believe that U3A Kingborough has been in existence for barely one year and yet has over one hundred and fifty members already enrolled. It has been such a successful story thanks to the programmers, the central venue, but above all to the voluntary tutors who provide the cognitive challenges to meet the needs of senior citizens in our area. I would like to pay tribute to the devoted work of Committee members for making it all possible this year.

An invitation is now extended to enrol again for the coming year at a subscription which, unlike almost everything else, remains at the same rate as this year! Again a miscellany of courses will be on offer, starting next March.

It is hoped that many members will attend the Annual General Meeting then to elect a Committee and adopt the draft Constitution that will ensure the success story continues well into the future.

In thanking all members who have made this such a memorable time of learning together, I would extend my seasonal good wishes.

*Sheila Given*
